OFFICIALS ACKNOWLEDGE WAR PRACTICALLY EXISTS

MAY MEAN ACTIVE COOPERATION WITH THE ENTENTE FLEET

WASHINGTON, March 20.—Additional steps to protect American lives and property against German submarines are expected to take more definite form after today's cabinet meeting, as all official Washington acknowledged that a state of war practically exists between United States and Germany. There is much speculation as to exactly what the president will do next. In the meantime the navy is hurrying preparations to the fullest extent to carry into effect the policy of armed neutrality. There are possibilities that this policy will even range to active cooperation with the Entente fleet to drive German submarines from the shipping lanes. It is expected to have 2,000 small boats as submarine chasers or patrols in four months. Also to call out privately-owned motor boats offered by owners for coast patrol.

No Lives Lost on Memphis.
NEW YORK, March 20.—No lives were lost in the sinking of the American steamer City of Memphis. Captain Borum cabled today that he and seven men were saved.

A LARGE NUMBER AT CHARITY PARTY

A large assemblage of Daytona, Daytona Beach and Seabreeze folk gathered at the Palmto clubhouse on Monday evening and played cards for the fund of the Associated Charities with edifying results for the committee in charge. Mrs. J. E. Stillman acting as chairman.

It was a very successful event and a gratifying amount of money was realized for the fund so worthy. Tables were placed in both the auditorium and tea room and the form of diversion at each table was the pleasure of the host of hostess. During the evening punch was served by Mrs. D. Louis Perrin assisted by Miss Ruth Lyon. In the receiving line were Mrs. N. C. Sears, president of the Palmto club, Mrs. R. S. Maley, vice president, Mrs. Henry Mitchell, Mrs. J. E. Stillman, chairman of the evening. Noted as the hostesses were Mesdames R. E. Olds, C. J. Rouser, J. H. Cornwall, M. P. Cornwall, M. L. Stanley, L. M. Waite, Conrad, Morris, Graham Thompson, Charles M. Bingham, Walters, Broadbent, Blodgett, Senestak Hilyard, J. D. Maley, R. S. Maley, E. T. Merrill, Alexander, E. E. Green, Ter, Hankins, Intermann, Lyon, Wood, Jarecki, Blackmer, Porter, J. C. Howard, S. S. Stoffer, F. J. Niver, Misses Harry, Schmaderke, Thompson, Bowers, Young, Morgan, Towne, Wood, Abercrombie, Dr. Long and Dr. Marsh were hosts. A liberal donation was given by Mr. and Mrs. F. E. Baldwin, of Elmira, N. Y., who did not play at cards.

Several pretty dance numbers were given during the evening by Miss Dorothy Rundle of Chicago, and Mr. Sherrey, of Postoria, Ohio, who is assisting in the directing of the "Wishing Ring" which will be staged here on Saturday.

CONVICTED SLAYER OF ALABAMA JUDGE ESCAPES FROM JAIL

BIRMINGHAM, March 20.—David Overton, former clerk of the Madison county court, convicted of the murder of Probate Judge Lawler, has escaped from the jail here with six other prisoners, after overpowering the jailer. The prisoners escaped in an automobile which was waiting for them near the jail, and indications are that the escape was carefully planned.

GERMAN SOCIALIST TELLS WHY WORLD IS AGAINST GERMANY

BERLIN, March 20.—Phillip Scheideman, socialist leader in the Reichstag, says in Vorwaerts that it does not require many words to explain why the "whole world is against Germany." He declares that the world sees among Germany's enemies more or less developed forms of democracy, especially since Russian despotism is gone, and in Germany the predominant spirit is "only Prussians."

FRED O. GARDINER, JR., RETURNS TO PROVIDENCE

Fred O. Gardiner, Jr., who had been the house guest of Mr. and Mrs. A. R. Edwards for two weeks or longer at 225 Volusia avenue, departed this morning on his return to his home in Providence, R. I., where he is a prominent and well known business man. An interesting feature of Mr. Gardiner's visit was the announcement shortly after his arrival of his betrothal to Miss Marguerite Edwards, following which there were a number of pleasant social entertainments in their honor. Mr. Gardiner added many more friends to those made while visiting Mr. Edwards and family in this city last winter.

Mr. and Mrs. Carl B. Sucher, Miss Braun and Miss Richards were a congenial party of Jacksonville people who motored to Daytona for the weekend. During their stay they were guests at Schmidt's hotel.

PENETRATION PAVING WOULD IMPROVE THE STREETS OF DAYTONA

Evert P. Maule, whose advertisement of Ojus rock has appeared in the News, was a Daytona visitor and pleasant caller at the News office today. Mr. Maule is desirous of convincing the people of Daytona and vicinity that Ojus rock is superior to and cheaper than the shell being used here for road material. He says that a penetration paving of Ojus rock three inches in thickness can be constructed over the present marl and shell streets of Daytona at a cost of about 50 cents per square yard and would furnish a smooth and durable surface, free of dust. This penetration paving is being used extensively in Palm Beach and St. Lucie counties and Mr. Maule says has the endorsement of government experts. It consists of a foundation of Ojus rock with a filler of asphalt to furnish a wearing surface. This pavement would cost here complete, with foundation, from 90 cents to \$1.00 per square yard. He contends that it would be cheaper than shell from the fact that one yard of the rock would go as far as two yards of shell. Cocoa, Mr. Maule says, is making over its shell roads with penetration paving and Fort Pierce is using it on all streets. It is absolutely necessary that something be done to improve Daytona's streets and it might be well for the city commissioners to investigate this penetration paving.

GETS \$30 FINE ON DRUNK AND DISORDERLY CHARGE
A man giving his name as E. E. Edwards was fined \$20 and costs in city police court before Judge Henry T. Tilton this morning on a charge of being drunk and disorderly and destroying property. He pleaded guilty and agreed to pay for the damaged property.

DAYTONA GETS NEXT ANNUAL STATE SUN. SCHOOL CONVENT'N

A telegram was received this afternoon by G. H. Gardiner from E. H. Shoemaker, who is now in Jacksonville, stating that the next state Sunday school convention will be held next November in Daytona.

Through the efforts of Mr. Shoemaker, who is the county superintendent of Sunday schools, as well as a member of the state committee, which is now meeting in the state metropolis, the convention has been secured for this city. Mr. Shoemaker also brought General State Secretary of Sunday Schools R. E. Weidner to this city and showed him the advantages of this city for a convention. Mr. Shoemaker had the backing of the City Commercial club and practically all of the churches in his work.

MASS MEET'G TONIGHT IN CASINO BURGOWNE

At the mass meeting called by County Commissioner C. F. Burgman to be held in the Casino Burgoyne tonight at 8:00 o'clock, Mr. Burgman will speak on "Roads, Contracts and Bond Issue," this being the subject which he is bringing before the public for discussion. It is a matter of the utmost importance to all citizens and taxpayers and all are urged to attend the meeting.

Mr. Burgman has no confidence in the value of asphaltic concrete brick on sand foundation, as is proposed for the portion of the Deland road in this district which he represents, and it is for the purpose of explaining his position in this and other public matters and obtaining the opinion and desire of the residents of the district that he has called the mass meeting tonight.

WOMEN TO BE ENLISTED BY NAVAL COMMANDERS

TWO ARE DROWNED WHILE ESCAPING FROM INTERNED SHIP

WASHINGTON, March 20.—Lieutenant Chorth and Machinist Mate Schroder are believed to have been drowned last night in the attempted escape of sailors of the interned German raider at Philadelphia. Eight more have been captured, besides seven who were captured last night. Officials feel certain that the commanders of the German vessels sanctioned the attempt.

PHILADELPHIA ADMITS ESCAPE OF SAILORS

PHILADELPHIA, March 20.—The police say that from three to ten German interned sailors escaped last night.

RUSSIA'S GOVERNMENT NOT YET DETERMINED

PETROGRAD, March 20.—It is learned at the Foreign office that Russia's government will rest exclusively in the control of a council of ministers until the convocation of a constitutional assembly. If the people decide upon a monarchy it will be a monarchy of the most limited type, the Foreign office announced.

SECRETARY OF PURITY ASSO. FINISHES TALKS IN DAYTONA

Mrs. Jennie Sharples, secretary of the World's Purity association, which is endeavoring to stamp out vice in America, has just concluded a series of talks in this vicinity.

On Sunday afternoon Mrs. Sharples spoke at the New Daytona theatre to men only. She also spoke twice at the Daytona Baptist church and addressed the girls of the high school Monday and this morning spoke to the boys. Mrs. Sharples has done much good work in this and many other states and her addresses in this city all carried a straight and worthwhile message.

While in the city, Mrs. Sharples stayed at the home of Mrs. F. E. Sheppard on South Palmto avenue. She leaves Wednesday morning for Gainesville where she will give a like series of talks.

WILL TAKE PLACES NOW FILLED BY MEN IN AN EMERGENCY

WASHINGTON, March 20.—Secretary Daniels has ordered naval commanders at shore stations and all recruiting officers to prepare to enlist women in actual naval service in case of an emergency. The plan is to use women ashore as stenographers and clerks, and possibly as wireless operators so as to relieve that many men.

WAR SUMMARY

French troops are pushing hard on the heels of the retreating Germans today within striking distance of the "Hindenburg line," the supposed goal of the retreating foe. Milestones on this line are the historic towns of Lille, Cambrai, Segantin, Laon and Laferre. British to the north are advancing more slowly but are doggedly pushing ahead.

French military writers say that the German retreat has already released about 200,000 men for a long predicted counter offensive which may be another drive towards Calais.

German newspapers say that the retreat is a master stroke of von Hindenburg to vitiate the Entente preparations for the offensive.

Press dispatches from Athens say that Entente ministers have resumed their residences at Athens and a cargo of wheat will be discharged for Athens today. This indicates that Greece has complied with the Entente demands to remove the Greek army to lower Greece.

Germany announces that the British and Germans were fighting cavalry and infantry engagements Monday on both sides of the River Somme and Oise.

The Germans repulsed the French attacks on the left bank of the Meuse.

The French announce the repulse of German attacks on the Verdun front. Destruction of communication and bad weather is hindering the Entente advance.

RECEIVES SAD NEWS OF DEATH OF SISTER

J. J. Randall received a telegram this morning conveying information of the death yesterday afternoon at Freeport, Long Island, N. Y., of his only sister, Mrs. Wm. G. Miller, whose demise leaves him the last of the family. Mrs. Miller is survived by her husband and four children, two sons and two daughters. The funeral will take place Thursday and interment will be made at Freeport. Mr. Randall considered going to Freeport for the funeral, but was deterred by the difficulty in securing reservations at this time. Mr. Randall, who is a prominent winter resident and president of the First National bank of this city, will have the sympathy of a large circle of friends in his bereavement.

CONGRESSMAN BRITTEN

Congressman Fred A. Britten of Illinois, minority member of the house naval affairs committee, made a vigorous attack on the administration's naval policy and on Secretary Daniels, asserting the navy is woefully short of both vessels and men.

Had Beau Once.

Was visiting in the country this summer, and everyone had a beau with the exception of me, my husband being in town. Someone thought they would tease my daughter, Jane, by saying, "Everyone has a beau except your mother." She replied, "I don't care. My mother had a beau once and he turned into a husband."—Cleveland Leader.

Miceproof Furniture.

A sure way to keep mice out of bureaus, chiffoniers, sideboards, etc., is to tack a piece of zinc under each article of furniture. The zinc should be made to fit closely. It is not necessary in the case of bureaus to put zinc under each drawer; one piece at the very bottom will suffice.

NO CONTRACT PRISON LABOR

Trustees of Indiana Reform Place Decide to Help Inmates to Make Money.

Indianapolis, Ind.—The contract labor system in Indiana prisons will be abolished. The trustees of the institutions have decided that at the expiration of the present contracts a new form of employment will be instituted.

Under the new system proposed, as much of the product as possible of the inmates of the prisons will be used at other state institutions. The surplus will be sold in the open market. Farm facilities will be increased at all penal institutions. It is probable, too, that the prisoners will be paid small wages for their work, the money to be saved for them or to be used in supporting their families.

The trustees are opposed to the use of prisoners in building highways.

Valuable Jerusalem Artichoke.

It appears from Professor Strakosch's figures that the most efficient of all economic plants is the Jerusalem artichoke. This justly valued vegetable produces on an acre of good land about 7,127 pounds of starch and other digestible substances. It takes from the soil incidentally \$26 worth of material. But the difference between consumption and production, in terms of value, is \$116.

Improving.

The more monologist, however clever, is universally voted a bore among us; the wit who wanted to crush people, like Samuel Rogers, we simply would not tolerate. All this is because we are kinder, and whether it means that we are less brilliant or not it certainly means that we are better mannered.

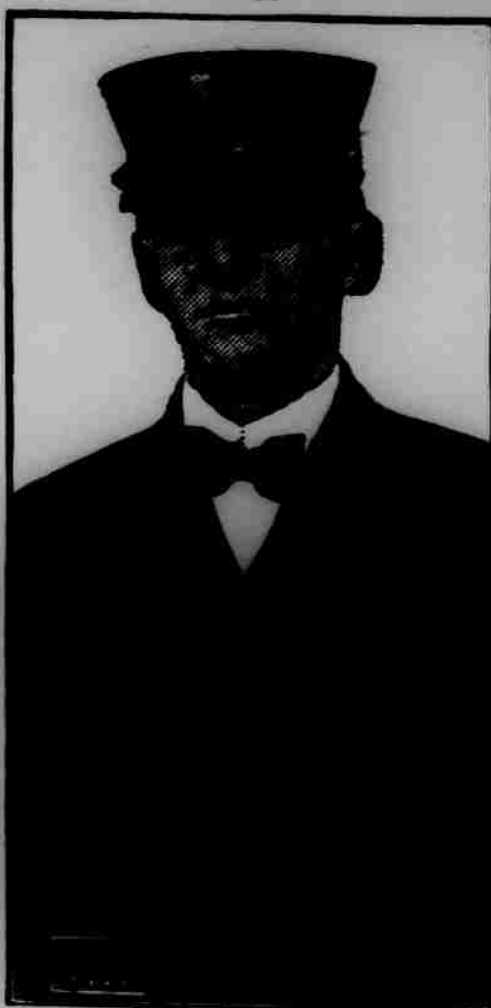

Missed Both Ways.

What is the difference between a man who has seen Niagara, a man who has not seen Niagara and a ham sandwich? One has seen the mist, the other has missed the scene. Do you want to know where the ham sandwich comes in? Well, that's where you bite.

Save the Tea.

Save the tea from the teapot. When you have a good quantity pour boiling water over it, and after this water cools use it for wiping hardwood floors. This is an old English idea.

WHIPS INSULT OF FLAG

Acting Wheelman Leo H. Luksich, just promoted to his present rating and shown for the first time in his new uniform, photographed outside the coast guard service station in New York, where he is assigned and where he patriotically defended the American flag from insult, knocking down the man who insulted the national colors.

Wheelman Luksich was promoted in recognition of his brave defense of the national honor and flag. While on duty recently at the coast guard recruiting station at the Battery barge office, New York city, he severely thrashed a teamster who in passing wiped his hands on the colors. He was officially commended in orders by the Assistant Secretary of the Treasury Andrew J. Peters.

At the annual dinner of the Sons of the Revolution he received the Bennett gold medal and a great ovation from those gathered at the tables.

Luksich is by birth an Austrian, but is now a naturalized American citizen. He is serving his eighth year in the United States coast guard service.

BAREFOOT GIRL TOTES MAIL

Traveled Over Lone Mountain Route That Paid Her Twenty-Five Cents a Day.

Whitesburg, Ky.—Miss Mary Hall, aged sixteen, is a rural mail carrier on a star route leading from Colly, a village in Letcher county, to Hilliard, Ky., four miles.

Over this route little Miss Hall, many times in bare feet, has made the trip afoot over lone paths through mountain fastnesses, with only an occasional farm home on the way, for which she earned 25 cents a day.

"To keep the wolf from the door," is the explanation of the young woman. "Mother has no one to care for her and is unable to work, being a sufferer from a complication of diseases, and I realized that I must do something for a livelihood. No other work being available, I accepted the rural carrier's place from a neighbor, was sworn in, and entered upon my duties to the best of my ability. I have made a patient, regular employee of Uncle Sam, doing my duty at all times."

Her four years' tenure expired some time ago and Miss Hall said she would not care to enter again for a four years' term with the United States unless she got a better price for her work.

HE COULDN'T CLIMB SO COURT WENT TO HIM

San Diego, Cal.—The unique situation has been presented here of an adjournment of court to accommodate a witness who was too bulky and lame to climb the courthouse stairway.

The change to a ground floor court room on the opposite side of the street was agreed to by the attorneys interested and the testimony of Dr. W. Allen, health officer of National City, in the case against Davis Green on a statutory charge, was taken, with Judge Lewis presiding.

Paper Blown Sixty Miles.

Reo, Ga.—Relatives of J. A. Swartz, killed in the cyclone several weeks ago, recently received from Des Arc, Ala., a quantity of letters and papers which were blown away when the Swartz home was destroyed. They had been carried more than 60 miles by the wind.

Walks to Discharge Debts.

St. Paul, Minn.—Charles Joy, a lumber jack from Akeley, Minn., walked 47 miles in two days, he says, to return \$3 borrowed from Detective Captain Wells, and a pair of over-shoes loaned him by Jailer Neuman, six weeks ago.

Child Shoots a Hawk.

West Baldwin, Mo.—Melville Ward, aged eight, of West Baldwin, seeing a hawk about to raid the henyard, ran to the house, got his father's shotgun, and succeeded in shooting the hawk before it could do any damage.

SNAPPED on Fifth avenue this outfit swears the last word. Made in La Mode. Worn with a brown velvet suit is this interesting box of salutes, graduated to fall in a ripple of fur over the shoulders and down the back. The front merely coosies about the throat.

Of jet, of beads and of plumage are the wings of winter, but the jet suit are most fashionable of all. Jet wings with a small upstanding center ornament, are the only trimming on one new sailor of black hatter's push. But who could ask for anything more of active? The wings conform cleverly

to the lines of the tapered seam a part of it is a black and white. A new sailor suit is also a new idea. It is a black and white. A new sailor suit is also a new idea. It is a black and white. A new sailor suit is also a new idea. It is a black and white.

Simple little nightgowns are of dotted swiss, with narrow lace edging as their only trimming.

Separate skirts in plaid effect and in a tide of woolen materials, also in silk and in satin, are modish. ANNA MAY.

Slavery in United States.

Before the War of Independence slavery existed in every one of the "old thirteen" states. There were fewer slaves in the northern colonies than in the southern, but the institution existed from Massachusetts to Georgia. It was the invention of the cotton gin by a New England schoolteacher, living at the time in Georgia, that caused slavery to shift Southward.

THE LEOPARD'S BRIDE

The feature at the Arcade tomorrow will be a David Horsley production in which Maragret Gibson and William Clifford with the Bostock animals are featured. "The Leopard's Bride," a spectacular dramatic production in five acts. This picture shows Bostock's animals to the best advantage.

THE WISHING RING

Great progress is being made in the rehearsals for "The Wishing Ring," which is to be staged at the Daytona theatre, on the afternoon and evening of Saturday, March 24th, under the auspices of the Palmetto club. The impressions that have been gained by all those who have watched the rehearsals of the large cast, are that it will be a most elaborate event. The play proper is so complete and the would play itself on a bare stage with a dozen participants. But, added to this is a wealth of special features, novel and delightful. Among the alluring sights will be the French gavotte danced with all the stately grace of their grand dames by a bunch of 10-year-old kiddies. "The Ballet of the Nymphs," "The Snowdrops," "The Dance of Moonbeam," and a lot of others, too numerous to mention. The advance sale of tickets is now on and they can be exchanged at Hankins' Drug store for reserved seats.

LOVE'S LAW

Joan Sawyer makes her debut as a dramatic artist in the latest William Fox lease, "Love's Law." The noted dancer plays the part of a girl who forsakes a career which is certain to bring fame and fortune, to rejoin her Gypsy lover in the wilderness. Stuart Holmes, noted Fox villain, plays his first sympathetic role, that of Andre, the Gypsy. Innocent (Miss Sawyer) after being cast off by her wealthy uncle, wanders into the forest and is found by Andre who is the guiding force of a large band of Gypsies. The man takes her prisoner against her will, but she is liberated by Rosella (Olga Gray) a girl who loves Andre herself. In escaping, Innocent meets Standish Driscoll, son of her wealthy uncle (Leo Delaney) who immediately falls in love with her. But Andre over takes her and brings her back to the camp. It is there that she gives the first evidence of the marvelous dancing abilities by performing an intricate step around the Gypsy campfire. Another escape brings Innocent to the city. There she cultivates her talents and soon under the name of Moner Moyer, she achieves fame. Standish Driscoll still loves her and wants to marry her, but the girl is finally brought to a realization that she loves the big Gypsy of the forest. So she forsakes her career and returns to the hills. "Love's Law" will be featured at the Crystal theatre Wednesday.

THE WEATHER

FOR FLORIDA: Fair tonight and Wednesday, except probably local rains in north portion; warmer to night in northwest portion. Moderate east to southeast winds.

The pressure is highest over the south Atlantic, and lowest over the west Gulf states, and under the influence of a low over west Texas unsettled weather prevails over most of the Gulf states. Light precipitation occurred, also, on the north Pacific coast.

Warmer weather has taken place generally east of the Plains states, the line of freezing having receded to the upper Lake region, thence south-west to southern Kansas. The winds are moderate southerly on the Gulf coast, and most of the South Atlantic coast. Unsettled weather; probably local rains tonight and Wednesday. Warm to night.

Medieval Automobiles.

Among some interesting documents in the old Bohemian city, Seaz, on the Elger river, is a picture showing an attack on the fortress Glaz, in Silecia, in which war automobiles were used. The mechanically driven cars were flat vehicles, protected by huge shields in front, in which the soldiers turned large cranks, the rotary motion of which was transferred to cogwheels and to the road wheels. It is estimated that these fifteenth-century "chauffeurs" got a speed of four miles an hour out of the armored cars.

Vision and Headache.

A recent study of this subject has brought out evidence that people of one-eyed, monocular vision are not troubled with eye headache. Whether one eye be disabled or whether its use has simply been abandoned, either constantly or alternately, the fact that seeing is done wholly by one eye eliminates the struggle to make two unequal eyes work in perfect unison. Freed from the strain of that struggle, the subject finds that the reflex influence upon the cranial nerves is no longer a matter of pain.

Convincing Argument.

One year when the youngsters of a certain Illinois village met for the purpose of electing a captain of their baseball team for the coming season it appeared that there was an excess of candidates for the post, with more than the usual wrangling. Youngster after youngster presented his qualifications for the post, and the matter was still undecided when the son of the owner of the ball field stood up. He was a small, snub-nosed lad, with a plentiful supply of freckles, but he glanced about him with a dignified air of controlling the situation. "I am going to be captain this year," he announced convincingly "or else father's old bull is going to be turned into the field." He was elected unanimously.

Optimistic Thought.

Joys shared with others are more enjoyed.

What It Lacked Like.

In a New Zealand town one of the municipal candidates, a Scotchman, had received a present of a huge Scottish thistle, which at the moment happened to be lying on the table of his committee room. A friend, entering, withdrew suddenly, with the remark, "I beg your pardon, I did not know that you were at hand."

Prehistoric Man.

The life habits of prehistoric man, as well as his antiquity on earth, are known almost entirely from fossil remains of various sorts. The data, however, are very scanty and insufficient for strictly logical deductions. Tools and hunting weapons, bones of tropical fauna and remains of man are found in the gravel beds of western Europe. Apparently man antedates the glacial period as this tropical fauna there was previous to the ice age and because remains of glacial fauna, together with human remains, occur in later geological deposits. Thus, the antiquity of man becomes a question of the date of the ice age, and that occurred 60,000 years ago at least. The implements of prehistoric man form a basis of a division of early industrial development into the stone age, the bronze age, and the iron age.

Can White Cats Hear?

The acuteness of the average cat's sense of hearing is proverbial, but it is a proverb that needs qualifying. For example, many white cats are said to be absolutely deaf, and though the idea may appear absurd at first sight, it is believed by some students that the color of a cat is associated with its sense of hearing. Among several imported Persians, or long-haired cats, from abroad, not one white one in the number has been able to hear the slightest sound. Of course there are white cats that can hear, but they have been as much to the short-haired pets of the freelance as to the aristocratic long-haired of the

WILL ERECT WINTER HOME ON SOUTH RIDGEWOOD AVENUE

Clarence A. Fay, of Clinton, Iowa, has awarded to L. Z. Burdick the contract for an eight-room, modern house to be erected at once on his lot, No. 4 block 15, Marshall's subdivision, South Ridgewood avenue, for occupancy as a winter residence by himself and family. This is to be quite an attractive bungalow which will be a valuable addition to that section of Ridgewood avenue. Mr. Fay and family will be welcome visitors also to the ranks of Daytona's regular winter residents.

About the Wedding Ring.

The wedding ring is of gold to signify the nobility and durability of affection. The form is found to imply that love should never end. The place is on the third finger of the left hand, where the ancients thought there was a vein that came directly from the heart, and where it is always in view. The third finger being a finger least used, the ring may be least subject to wearing out.

Famous Portrait Painter.

The first portrait painter of the United States to win general fame was Thomas Sully, who was born 100 years ago. One of the first celebrated American historical painters, "Washington Crossing the Delaware" was the product of his genius. Sully established himself in Richmond as a portrait painter in 1814, but soon removed to New York, and in 1819 to Philadelphia, which city was afterward his home. In addition to "Washington Crossing the Delaware," his famous historical paintings include "The Capture of Mott's Army" and "Miranda." As a portrait painter his most notable subjects were Thomas Jefferson, Lafayette, James Madison, John Marshall, Henry Kissel and Queen Victoria. He visited England to paint the girl queen in her coronation robes. Sully died in an advanced age, dying in Philadelphia in 1872.

Excellent Advice.

I came across the following clipping from a medical journal which had been hidden away in a book. "Talk less, breathe more; walk less, chew more; use less, wash more; clothe less, bathe more; worry less, work more; waste less, give more; write less, read more; preach less, practice more." A whole sermon in one period. We have been hammered into a belief that deep breathing is the source of good health or of good lungs at least, and the demand of fresh air is preached everywhere on the spot. I reckon—Katharine.

Nature is Ruthless.

Nature is ruthless, and where her sway is uncontested there is no peace save the peace of death, and the second stream of life especially of life on the lower level, flows like an immense torrent out of existence for but the briefest moment before the enormous majesty of the beings composing it are engulfed in the jaws of death, and again are out into the shadow—Theodore Roosevelt, in Scribner's Magazine.

Experience the Great Teacher.

It is frequently said, "A man must know sorrow in order to sympathize with those in sorrow." It is also said that beggars and people in need of charity go to the poor with greater prospect of relief than to those who have not riches and have need of nothing; for the poor know the pang of poverty, and they can imagine the need. It makes little impression for us to condemn those who yield to temptations that we have never felt. We have not yet "overcome" them, and our virtue has not been bought by struggle—the price humanity pays for experience and the right to the throne of judgment. Furthermore, when we actively plunge in and overcome our own faults the throne of judgment comes a throne of mercy. Struggle teaches us love.

HOPE TO RAISE SUM OF \$10,000 FOR NEW LIBRARY BUILDING

At the regular March meeting of the Seabreeze Public Library association last Saturday B. L. Dulaney and Joseph M. Rogers were chosen as directors to fill vacancies.

These new elections make the members of the committee on finance as follows:

J. E. Williams, B. L. Dulaney and Mrs. Ada W. Powers.

This committee has already commenced efforts to obtain substantial subscriptions from Seabreeze people and winter residents in order to build a new library building.

The committee believes that the sum of \$10,000 is necessary to build and fully equip a useful library for the town. One generous member of the association has promised to give the first \$1,000 of the sum as soon as the first \$3,000 is raised. It is also believed such a library will greatly add to the value of Seabreeze real estate and also be a great boon to the tourists as well as the hundreds of employees of local hotels during the hours in which they are not at work.

This project of building a fine library for Seabreeze is already meeting with favor in the minds of Seabreeze people and it is hoped that success will attend the work of the committee in charge.

What She Was Trained For.

Mr. Slimpurs (feeling his way)—"Your charming daughter tells me that she is an excellent cook and housekeeper." Old Lady (calmly)—"Yes, I have had her carefully taught, for I have always held that no lady who does not understand housekeeping can properly direct a retinue of servants."

Developing Interest in Study.

The conscious student must fight off distracting thoughts and fatigue. When he becomes interested in his study, however, the subconscious brain takes hold. The best ways to develop interest are by collateral reading, original thought on the subject and conversation with those who are interested.

RALPH MULFORD PASSED THROUGH

Ralph Mulford, one of the most interesting personalities in the automobile racing world today, accompanied by J. Palmerlee, district manager for the Hudson Motor Car company, made a short stop at the Princess Isseena Monday, en route to Miami to join Mrs. Mulford.

The famous auto driver has with him his Hudson Super Six, which he brought to Seabreeze last year. It was with this car he made the official A. A. A. time record, 102.5 miles, on the beach last winter. The Super Six record maker, which Mr. Mulford has had on exhibition in the Atlanta automobile show, shows no signs of having lost speed since its last appearance here.

From Miami Mulford expects to return to Seabreeze to "tune up" his car on the famous beach, which, Mr. Mulford declares, was built for automobile drivers by the God-of-Things-as-They-Ought-to-Be. No plans have been made for races on the beach this season. "However, if there's anybody trying to put the eraser on my record, I'll be right there with the goods," Mr. Mulford told a News representative just prior to his departure yesterday.

E. E. TUPPER TO HAVE NEW

HOME ON PENINSULA DRIVE

The workmen of L. Z. Burdick are now erecting a four room cottage bungalow on Peninsula drive, just north of Seabreeze avenue, for Mr. and Mrs. E. E. Tupper, who formerly lived in another house in the same block. The basement of the building is already complete and the entire home will be finished in a few weeks.

Mr. and Mrs. Tupper sold their former residence to Mr. and Mrs. John Timmons and went to the west coast to spend the first part of the winter. They returned to the beach a few weeks ago, however, and will again make it their home.

Surely Credulous.

He—"And another thing about Dudgeon—he's very credulous. That's the reason his money didn't last any longer than it did." She—"Indeed?" He—"Yes. Somebody told him he could make love to two girls on less than he could court one."—Judge.

Stag Parties.

"I wonder why they call them stag parties?" remarked the man who had just received an invitation to attend one. "It's probably an allusion to that well-known quotation, 'The stag at eve has drunk his fill,'" replied his wife wearily.

GERMAN-AMERICANS ADOPTED RESOLUTION SENT TO WASHINGTON

At the meeting in Jacksonville Sunday of the German-American Alliance of Florida, the following resolution was unanimously adopted and it was decided to send copies to Washington, to the Florida senators and congressmen.

"In behalf of thousands of peace-loving American citizens of German descent, we respectfully and most earnestly request you to use your influence to maintain peace as long as the national honor of this country is not involved.

"Should the question of a declaration of war come up in congress we expect you to vote for a referendum by the people, as in the twentieth century such questions should be decided by the people.

"In the name of humanity and civilization, let the people rule.

"The German-American Alliance, State of Florida.

At the morning exercise of the Seabreeze Daytona Beach school this morning, some of the school yells were practiced with Lester A. Hall, basketball coach as leader. The organized efforts of 150 pairs of lungs shook the old frame schoolhouse to its very foundations, but luckily the timbers supporting the roof remained intact. The purpose of organized yelling in the course of basketball games is chiefly to encourage the home players and with this in mind, Mr. Hall led the practice.

GERMAN PLOT AT HAITI FAILED

Scheme to Precipitate Conflict Through Attack on United States Frustrated by Austrian-Serbian Declaration—Intelligence Revealed Involving Mexico Throw Light on Wilson's Attitude on Other International Issues.

New York.—The attempt by Dr. Alfred Zimmermann, German foreign secretary, to give the impression that the move to induce Mexico and Japan to make war upon the United States was undertaken only recently, and then simply as a matter of "self-defense," is not borne out by facts which the New York Herald claims long to have had in its possession and which now may be made public. Their publication also will throw a new light upon the much criticized persecution of Victoriano Huerta by President Wilson, his efforts to depose the Mexican dictator, his anxiety to bring about the equalization of the Panama tolls, his interest in the purchase of the Danish West Indies, his activity in Haitian affairs, and his "watchful waiting" policy under strongest provocations from Mexico.

That Germany was plotting early in 1914, six months before the European war started, to bring on war between the United States and Mexico and make that war the beginning of a world conflict, is a statement coming from a war observer, an American, who is in a position to know much of what has been back of the diplomatic moves made in Washington during the last three years.

The New York Herald's informant makes this revelation now only because the news of Germany's plot to induce Mexico and Japan to enter a war against the United States has removed whatever diplomatic reasons there were for secrecy.

Panama Tolls Question.

This observer's information is that President Wilson knew as early as February 10, 1914, that Germany was meddling in Mexico and that he had this in mind when, in his address to congress on March 5, 1914, urging equal tolls for foreign and American ships using the Panama canal, he said:

"I ask this of you in support of the foreign policy of the administration. I shall not know how to deal with other matters of even greater delicacy and nearer consequence if you do not grant it to me in ungrudging measure."

"This was the beginning," says the Herald's informant, "of whisperings in Washington's official circles that Germany was trying to entangle the United States in war with Mexico. Before the president made this speech he and the members of his cabinet were about the only Americans who had the slightest knowledge of Germany's activities, and even they did not at that time realize their true significance."

"Later, as I will show further on, President Wilson was made fully cognizant of the extent of Germany's intrigues and knew that the German government had determined to seize the island of Haiti, to establish a naval base at Mole St. Nicholas, to begin war with the United States and destroy the Monroe Doctrine, so that South and Central America might be thrown open to German colonization. That was very clearly begun on the evening of July 28, 1914, and undoubtedly would have been started that night had not Austria declared war on Serbia on the same date, thus calling off Germany's activities from this side of the Atlantic for the time being. I shall speak of this a little later, but now will turn back to Mexico and follow the sequence of events there.

British Envoy's Trip.

Huerta had been the facto president of Mexico a little more than a year when on February 10, 1914, it was announced in Washington that Sir Lionel Gordon, the retiring British minister to Mexico, was coming to Washington and that Sir Cecil Spring Rice, the British ambassador, had arranged for him to have a conference with President Wilson. This was significant because Mr. Wilson had at first objected to receiving Sir Lionel because of the latter's show of friendship for Huerta. President Wilson's feeling toward Sir Lionel had become such that Sir Edward Grey and the premier, Mr. Asquith, had tried to smooth out matters by making speeches to parliament in which the loyalty of Great Britain was pledged to the United States. They declared the British government had nothing but the most friendly feeling toward the United States and that every step was being taken morally to support the latter's handling of the Mexican problem.

"It was just a little more than a month later, April 19, that a United States paymaster and several marines who went ashore at Tampico were arrested by one of Huerta's generals. This incident caused Admiral May's demand that Huerta's soldiers salute the United States flag and the rushing of the Atlantic fleet of 17 warships to Mexican waters. Think of it—17 warships to scare Huerta into saluting the United States! That was the reason given out. The real reason was that Huerta was just as much an agent of Germany then as he was in June, 1915—after he had been deposed and had gone to Spain—when he returned to this country and went to Texas, where he was arrested and died a prisoner of the United States.

"The American ships had barely reached Tampico and Vera Cruz when the authorities in Washington learned that several German ships laden with arms and ammunition, 'bought' by Huerta, were on their way to Mexican ports. It was this news that caused President Wilson to order the seizure of Vera Cruz, which was effected April 21. The Ypiranga, the first of the German arms laden ships to arrive in Mexican waters, turned back and put into a Cuban port until more than a month later, when she landed her cargo of 15,000,000 pounds of ammunition and 250 field guns at Puerto Mexico. Two other ships also landed munitions. But by this time affairs had so shaped themselves that the United States decided not to interfere with the landing of the munitions from Germany (more diplomatic reasons). Then the South American A B C powers began mediation, not on their initiative, but on the suggestion of diplomats of other powers. Britain was really the prime mover in this. So the A B C mediation prevented war when it seemed certain.

"Huerta quit Mexico shortly after this—without saluting the American flag—and the American fleet gradually withdrew. The chance of the United States going to war with Mexico had passed. Germany's schemes had been balked, for the time being, at least.

"Remember that the Austrian crown prince had not been assassinated in Serbia and Germany did not have that excuse for starting a world war, for which she had so long been preparing. Above all things she wanted to get a firm footing in the West Indies, in Central America and in South America, and she was willing and ready to fight the United States to achieve those purposes. Her schemes were perfected and it was decided to start the conflagration by seizing Haiti.

A Hair Trigger Situation.

"On July 28, 1914, several United States warships were at Port au Prince, Haiti, under command of Capt. John J. Knapp, who was on board the battleship Connecticut. The German cruisers Karlsruhe and Strassburg were also at Port au Prince. The German ships were there to enforce German claims against Haiti, and reports had spread that German seamen and marines were going to land and seize the customhouse. Captain Knapp had orders from Washington to oppose the seizure.

"It was common talk in Port au Prince that President Orville Zamar had been promised \$500,000 if he would break off negotiations with the American minister, Arthur Balfour-Hinchard, for a proposed new treaty with the United States, and he had done so.

"When Sir Lionel saw President Wilson little was said about it, for diplomatic reasons. Exactly what he told the president is, of course, a secret, but that he did tell him of certain German activities in Mexico is now generally known in official Washington.

"Meanwhile on February 11, the first wireless telegraph system between Germany and the United States had been put in operation from Nauen, 25 miles northwest of Berlin, to Sayville, L. I., the distance being 4,000 miles. This plant was owned by the Atlantic Communication company. Subsequent events are the best answer to the question whether this wireless system was purely a commercial enterprise.

Military Organization.

"It was about this time that Captain von Papen, military attaché of the German embassy in Washington, and of the German legation in Mexico as well, found it necessary to go to the United States for quite a long stay. Outside of diplomatic circles nothing was known of his coming or going, but every move he made was watched and known not only in Washington but in London. Captain von Papen remained in Mexico about three months, but it was not until after his recall, more than a year later, at the request of the United States, and the publication of some of his papers, seized by the British authorities while he was on his way back to Germany, that the significance of his visit to Mexico became generally known.

"Among the papers was a copy of a letter which the German naval commander in Mexican waters had written to the imperial chancellor in Berlin, giving high praise to Captain von Papen for the extraordinary service he had rendered to his country in forming the German residents of Mexico into a well-equipped and well-drilled army for defensive purposes. So enthusiastic was the German naval commander over the achievements of Captain von Papen that he urged the imperial chancellor to bring them to the attention of the kaiser himself. Great indeed must have been the work of this military attaché that it was

WILBUR BY THE SEA

WILBUR-BY-THE-SEA. Mar. 19.—The Toronita hotel was the scene of a very pretty dinner party Friday evening, given by Mr. and Mrs. W. Scranton, of Scranton, Pa. Those present were Mr. and Mrs. M. B. Fuller, Mr. and Mrs. David Borec, Mr. and Mrs. Sawyer, Milwaukee; Mr. Keeney, New York, and Mrs. R. S. Tompkins, Newburg, N. Y.

Among the recent arrivals at the Toronita hotel are M. A. Chandler, Boston, Mass., Mr. and Mrs. L. L. Smith, New York, A. H. Simmons, Indianapolis, Ind., R. W. Husted, Washington, D. C.

Walter P. Hill, who was formerly associated with the Seaside Inn, and other well known hotels, was a visitor at the Toronita hotel. Mr. Hill was loud in his praise for the ever popular hostelry, and predicts that this hotel will soon be kept open summers as well as winters.

H. Rudolph, accompanied by his daughter, Miss Elsa A. Rudolph, and Miss Mary A. Dunham returned to the Toronita hotel, from a short visit to Tampa and other places of interest. They received a very hearty welcome from their many friends. Both Miss Rudolph and Miss Dunham are prominent in musical and literary circles.

Mrs. Carrie A. Davis, who conducts the Gift Shoppe, returned Saturday from a short visit to Jacksonville, where she replenished her stock of attractive wares.

Contractor Price has nearly completed the handsome residence of Mr. Curtis, who is also considering building another bungalow on the ocean front.

Miss Piper, the manageress of the Toronita hotel, has many interesting events scheduled for this week, which are so varied that all will be delightfully entertained.

The Toronita guests and members of the winter colony make frequent trips to Mr. Wilbur's private grounds at Spruce Creek, which is considered one of the most beautiful spots in America.

Not His Concern.

"Tom," said a rector to a lad who was picking mushrooms in the rectory field, "be careful of picking a toad-stool instead of a mushroom; they are easy to confuse." "That be all right, sur, that be," said the urchin; "us bain't a-going to eat 'em ourselves—they're going to market."—Tit-Bits.

The Michigan society at the Princess Hotel was entertained Sunday by the arrival of Mrs. W. B. Barlow, of Dayton, and Mrs. C. T. Henderson, of Flint.

Mr. and Mrs. S. F. Dumas, Miss Frances E. Dumas and Dr. M. Dumas, of Toronto, Canada, were a dinner four seated at the Princess Hotel during their stay.

A charming Indianapolis couple who are a guest at the Princess Hotel are Mrs. J. B. Howard, Mrs. Howard's parents, who are in the resort until the close of the season.

Coming direct from the north for a spring visit in Daytona, Mrs. H. M. Moore, Miss Freda Moore, of Detroit, Mich., are guests at the Princess Hotel for an indefinite sojourn.

Mr. and Mrs. Charles Taylor and Mr. and Mrs. S. B. Quisenberry, a family group who are guests at the Princess Hotel, spent an altogether delightful day at the Daytona beach.

Guests who left yesterday for St. Augustine and a spring sojourn at the Princess Hotel were Mr. and Mrs. C. E. Howard, Mrs. C. E. Howard, and C. E. Howard, of St. Cloud, Minn.

Mr. and Mrs. R. W. Henderson, of New York City, are guests at the Seaside Inn, leaving on Sunday for New York City.

Dr. and Mrs. C. W. Wicks and Mr. and Mrs. J. G. Gandy, an interesting group of New York City people, who are guests at Schmidt's hotel, spent Sunday at the Daytona beach.

Charmaine and John, the Kentucky couple at the Seaside Inn, are Mr. and Mrs. C. M. Walker, Miss Marion Bell, and New Walker, of Dayton, Ohio. They will remain at the resort until the first of April.

Mr. and Mrs. D. B. Bogan and Mrs. Bogan and Mrs. Bogan, of New York City, are guests at the Seaside Inn, leaving on Sunday for New York City.

D. E. Cleary, well known banker and real estate man of Jersey City, N. J., left yesterday for the north after a pleasant visit of some weeks at Schmidt's hotel. Mr. Cleary will break his trip home with stops at St. Augustine and Jacksonville.

Schmidt's hotel was the home of many informal dinner parties Sunday. Noted in the dining room were Mr. and Mrs. W. J. Gamble, of Seaside, and Mr. and Mrs. A. Horton, and child, of Miami, Canada.

Mr. and Mrs. Carl B. Sumner, Miss Bruce and Miss Richards were a special party of Jacksonville people who motored to Daytona for the week-end. During their stay they were guests at Schmidt's hotel.

Mr. and Mrs. C. B. Shaffer, of Washington, D. C., who were guests at the Schmidt's hotel, started in the morning for Miami, where they spent several weeks with the artist's brother.

New York guests at the Ridgewood for a short stay are Mr. and Mrs. C. E. Lewis, Dr. and Mrs. H. E. Lewis, Dr. and Mrs. J. P. Lewis and children, and J. P. Lewis, who will remain in Daytona for a several days stay on their way home from a tour of southern and western Florida.

No departure has been made yet, but it is expected that the Princess Hotel will be decorated to mark that it is a winter home about the first of April. The decorations will be in the style of the season.

The made friends of Henry Haynes, proprietor of the Princess Hotel, will be delighted to learn that he is expected home about the first of April. Mr. Haynes was in the city for a short time, but he is expected to stay for a longer time.

Mr. J. E. Johnson and family, Miss Jessie Johnson and Mrs. J. E. Johnson, of New York City, are guests at the Seaside Inn, leaving on Sunday for New York City.

Mr. and Mrs. C. W. Wicks and Mr. and Mrs. J. G. Gandy, an interesting group of New York City people, who are guests at Schmidt's hotel, spent Sunday at the Daytona beach.

Charmaine and John, the Kentucky couple at the Seaside Inn, are Mr. and Mrs. C. M. Walker, Miss Marion Bell, and New Walker, of Dayton, Ohio. They will remain at the resort until the first of April.

We have some things to tell you about furnishing your house

Home-making is the greatest of arts. The woman who makes her house attractive is an artist.

And it is so easy to be one today.

When customers come to this store we like to feel that by our advice we are helping to make a home, not merely selling something.

That is the way confidence in

the store and its goods is built up.

Today we are in a position to advise every woman in the selection of handsome, sturdy furniture for her home—for every room in the house.

The famous Simmons line is the foundation of our stock. If there was anything better at any price, we'd have it here.

GRATIFYING RESPONSE MRS. M. BALLINGTON "JIMMIE'S AUNT JANE" FOR BELGIAN RELIEF BOOTH TO LECTURE OR THE COLLEGE TOWN IN DAYTONA THEATRE AT THE NEW DAYTONA

It is gratifying that the people of this city have responded already with over \$1,200 for the relief of the Belgian children. The amount ought to be not less than \$12,000 instead of \$1,200.

The multitudes of people here who are living in comfort, if not in luxury, and can afford to assist this cause, may realize its urgency.

All are convinced of the necessity of helping the French orphans and many have already contributed to this cause. It was stated, however, in the presence of the French orphans that they are already receiving an allowance of six cents per day.

Children under any circumstances, should receive adequate sustenance, but it is particularly vital in the case of the Belgian children, because nobody can possibly impute to Belgium any share in causing this war. There have been more or less disputes about the cause of the war, although in the minds of most of us there is no doubt; but in any event no Belgian ambition or animosity could possibly have caused war, because Belgium is too small to desire war for any purpose, hence the people of Belgium are especially to be pitied and aided.

One of the contributors to this fund has written as follows, and this expresses clearly the general feeling: "Replying to yours of March 14th, I am enclosing check for twenty-five dollars for the Belgian fund. I regret very much that I do not see my way clear to do more at this time. There are so many calls, that it is difficult to respond as liberally as I would like to. This is a very worthy cause and we appreciate very much the efforts you are putting forth."

"The trouble is that so many people do not realize the importance and urgency of this work. The hearts of our American people are all right, but too often they let the other fellow do it."

Phrases That Are Familiar.

To Barton Booth, a prominent tragic actor of Queen Anne's day, we owe the quotation "True as the needle to the pole," and to Thomas Fenman, once lord chief justice of England, that familiar description of a disappointed man, "a delusion, a mockery and a snare," used by him as a fit characterization of beauty.

Mrs. Maud Ballington Booth, noted lecturer, author and prison reformer, will deliver an address on her life's work at 8:00 p. m., Sunday, April 1st, at the New Daytona theatre. The Reverend H. S. Richtoire will preside and introduce the noted reformer.

Mrs. Booth is slated for a ten-day lecture tour over the state, her itinerary starting next Saturday at Hampton, Bradford county, which is the location of the Florida Hope Hall and Farm, an institution for discharged prisoners. In addition to visiting and inspecting this institution Mrs. Booth will address the citizens at a church which bids fair to be largely attended.

On Sunday, March 25th, she will visit Ralston and speak to the prisoners at Bradford Farms, near that point, and at night of this date, she will speak in the First Presbyterian church at Jacksonville. She will speak in Tallahassee, Monday, DeFuniak Springs, Tuesday; Marianna, including the Boys' Industrial school, Wednesday; Winter Park, Thursday; St. Augustine, Friday; Palatka, Saturday; and Daytona, Sunday, April 1st.

Mrs. Booth is the daughter of the late Rev. Charlesworth, of London. She came to America 39 years ago with her husband, Ballington Booth, second son of the late Wm. Booth. About 29 years ago they organized the Volunteers of America, which has grown to be of national reputation. Mrs. Booth has, however, devoted practically all her time behind prison walls and thereby tried to help those who have fallen victim to the dragnet of the law.

A well kept report on her system of work shows that nearly one hundred thousand men and women have been helped in a practical way and placed on their feet.

Mrs. Booth will tell the citizens of Daytona and vicinity something of her life's work at her lecture Sunday, April 1st. The public is cordially invited. Admission free.

One Irritation Spared Him.

"George Washington used to get very impatient and even indignant," "Yes," replied the man who was looking at the telephone directory, "I suppose he had his troubles, even if he did live at a time when nobody was in a position to tell him the line was busy."

Proved His Ability.

Junior Partner: "I see you have engaged a new man. Is he a good sales man?" "Selling better—good sales man," Great Partner: "I had to send for the police to prevent him from talking me into taking him into partnership."

ANNUAL HIGH SCHOOL PLAY
TO BE GIVEN NEXT FRIDAY
NIGHT IN THE NEW DAYTONA THEATRE

On Friday night, March 30th, at the New Daytona theatre, the people of Daytona and vicinity will have a rare opportunity to enjoy the new high school play produced by the students of the Daytona high. "Jimmie's Aunt Jane" is full of fun and frolic, not a dull moment during the entire two and one half hours of entertainment. A lively play, full of combat and unique situations, scenes and local hits, yet with a beautiful love story running through the whole. There are 17 regular parts, besides many extra characters.

All desiring to see the play should call at the ticket board early in order to secure a seat. The annual high school play is always greeted by a capacity audience. All seats are reserved. Tickets now on sale at Hawkins drug store at popular prices.

Better Iron It.

The other morning little Helen was watching mother press one of her coats. Helen asked why this had to be done. Mother said to get the wrinkles out. Later mother was sitting on the porch with Helen in a large reed rocking. The impression of the reed on mother's arm wrinkled it a great deal. Helen seeing this exclaimed: "Mother, look at your arm! Don't you think you had better iron it?"

Foolish Maidens.

Two Pittsburgh, Pa., young women walked into the Mass-sena cemetery the other night to the tomb of Josh Billings. Each then extended a forefinger and touched the tombstone, one exclaiming "Josh" and the other "Billings" as they did so. Asked why they did this, one of them said they hoped to attain the coveted sense of humor which Josh possessed to a remarkable degree.

Easy Way to Tether Horse.

An Indian ties his horse by knotting the end of the rope and burying it in the ground. If the earth is tamped tight around the knot it is said that a pull at a snout will not raise it and the horse never thinks of standing directly over the spot where the knot is buried and pulling up the rope with his teeth.
